

60 MIN MAT PILATES- WARM UP, CORE, ARMS, GLUTES, LOWER BODY, & COOL DOWN

Class title: Mat Pilates **Duration:** 60 min; **Equipment:** mat

Class Purpose and Objectives: Focus on the mind and body connection, stretch the total body, and work the upper body, core, and legs

INTRODUCTION (2 Minute)

Warm-Up (5 Minutes)

Duration	Move	Transition cue	Movement
1 min	Child's pose	come to table top, hands aligned with shoulders, hips distance apart with a neutral spine	Bring big toes together, knees wide apart, crawl the hands towards the top of the mat as you lower your hips towards the ankles and place your forehead on the mat. Side body stretch→ bring right hand to top right corner and stack left hand on top. Inhale back to center, repeat on left.
30 sec	Cat and cows	Lifting the hips away from the heels, meet at tabletop in all fours. Wrists directly underneath shoulder. Knees directly underneath hips. Keep a neutral spine	Inhale as you initiate movement through the chest, lifting it towards the ceiling, gaze towards the ceiling, and point the tailbone up towards the sky. Exhale as you round the shoulder blades and tilt the pelvis inwards towards the chest, lower the gaze. Making sure were not dumping lower back
30 sec	Hovering table top→downwards facing dog alternating	Still in all 4s, pelvis parallel to the ground, palms grounded to mat, lift knees off the mat so you are in a hovering table-top	From hover, inhale lift hips into Downward Dog. Exhale shift forward, shoulders over wrists, lower knees to hover. Repeat. Move with control, core tight, shoulders strong.

1 min 30 sec	Thread the needle (R) + Wrist Roatation	Lower knees to mat, Still in all 4s, pelvis parallel to the ground, palms grounded to mat	Inhale, lift right arm up towards the ceiling, gaze over fingertips. Exhale, right arms threads underneath left shoulder, lower head down, feel spinal twist Inahle once more, rotate the left-hand wrist 3 times one way, reverse the direction and rotate 3 times to the other. Repeat w/o the wrist rotation
1 min 30 sec	Thread the needle (L) + Wrist rotations	Stay in neutral tabletop	Inhale, left arm up towards the ceiling, gaze over fingertips. Exhale, left arms threads underneath right shoulder, lower head down, feel spinal twist Inahle once more, rotate the left-hand wrist 3 times one way, reverse the direction and rotate 3 times to the other. Repeat w/o the wrist rotation

end→ sit back onto heels, meet me in a seated position

Circuit #1: Core Circuit- 6 min (10 sec rest between)

Duration	Move	Transition cue 10 sec	Movment
40 sec	Single leg stretch ->Alternating sides	From seated position, grab back of thighs and lower down slowly with control on to mat, extend the legs out	Lift head and shoulders into an abdominal curl with legs in tabletop. Exhale as one leg extends long and the opposite knee draws toward the chest. Inhale as you switch legs in a controlled alternating motion while maintaining abdominal engagement. Inhale for 2, Exhale for 2 R→ keep legs on mat P→ lift chest and legs of mat
40 sec	Criss-Cross	Same position as before, were adding a twist, alternating the legs in a cycling motion.	Extend one leg long, and drive oppistive knee in towards the chest as you crunch up and twist with the opposite elbow towards the knee, switch legs. Inhale for 2, Exhale for 2. Maintain a steady torso and controlled breathing rhythm. P→ continue single leg stretch

40 sec	Crunch	Knees bent, feet grounded on the mat.	Exhale as you lift the head and shoulders, drawing the navel toward the spine and curling the ribcage toward the pelvis. Inhale as you slowly lower back to the mat with control. P→ option to lift legs off the mat at 90 degree angle
40 sec	Leg circle (R) →reverse direction after 20 sec	Left leg anchored to the mat, lift the right leg towards the ceiling perpendicular the body	Inhale to begin the circle across the body and down, exhale as the leg completes the circle back to center. Maintain a stable pelvis and engaged core. R→Bend the working leg slightly. P→ Perform larger circles
40 sec	Leg circle (L) →reverse direction after 20 sec	Right leg anchored to the mat, lift the left leg towards the ceiling perpendicular the body	Inhale to begin the circle across the body and down, exhale as the leg completes the circle back to center. Maintain a stable pelvis and engaged core. R →Bend the working leg slightly. P→Perform larger circles
40 sec	Roll ups	On the mat, inhale to prepare as you stretch the arms above the ears and legs straight out.	Exhale, lift arms, chest, and shoulder blades as you curl up to a seated position, and reach towards the toes at the top. Inhale, and exhale, scoop the abs back into a C-curve while gently pressing into the ring. Inhale to sit tall. Repeat with control. R→Bend knees with feet anchored on mat.

End→come to seated + grab water

Circuit #2: Glutes -> 6 min 20 sec (no break)

Duration	Move	Transition cue	Movement (40 sec)
1 min rest	Rest	Cue full circuit, remind that there are no breaks in between	
40 sec	Full Range Glute Bridge	Feet planted on mat hip-width	Exhale, lift hips up by driving through heels, squeeze glutes, lower with control, Inhale to prepare and repeat
40 sec	Full Range Glute Bridge + Knee drive (R)	Hold bridge, Maintain lifted hips	Exhale, lift the right bended knee up as you squeeze the left glute, lower leg, and repeat R→Continue with glute bridge p→ Squeeze at top for longer

40 sec	Static Glute Bridge + Knee drive+ pulses (R)	Hold bridge, Maintain lifted right leg	Pulse the lifted leg at the top without lowering hips down
20 sec	rest		
40 sec	Full Range Glute bridge	Feet planted on mat hip-width	Exhale, lift hips up by driving through heels, squeeze glutes, lower with control, Inhale to prepare and repeat
40 sec	Full Range Glute Bridge + Knee drive (L)	Hold bridge, Maintain lifted hips	Exhale, lift the left bended knee up as you squeeze the right glute, lower leg, and repeat R→Continue with glute bridge p→ Squeeze at top for longer
40 sec	Static Glute Bridge + Knee drive+ pulses (L)	Hold bridge, Maintain lifted left leg	Pulse the lifted leg at the top without lowering hips down
40 sec	Full Range Glute bridge	Feet planted on mat hip-width	Exhale, lift hips up by driving through heels, squeeze glutes, lower with control, Inhale to prepare and repeat
40 sec	Glute bridge pulse	Stay lifted, small pulses	Add tiny pulses at the top, inch down and inch up, keeping constant tension

End→Lower hips, come to seated

Circuit #3: Core, glutes and back -> 6 min (10 sec breakin between movements)

Duration	Move	Transition cue (10 sec)	Movement
1 min	Transition	Roll on to stomach with extended legs and arms by sides	
40 sec	Superman	Lie prone, arms and legs extended	Exhale, lift arms, chest, and legs off the floor, keep neck neutral, hold, and lower. Repeat R→ take longer rest at bottom/ don't lift legs P → Lift higher + hold longer
40 sec	Superman hold + flutter arms	Hold lifted position	Small alternating arm lifts (flutter), keep chest and legs elevated R→ continue with regular superman

			P → Lift higher
40 sec	Bird-dog extension with crunch (R)	Take child's pose, lift hips and come to tabletop on all fours with neutral spine	Tabletop position (hands under shoulders, knees under hips) Extend opposite arm + leg, then exhale crunch elbow to knee under body, repeat P→ Slow tempo / hold extension before crunch
40 sec	Bird-dog extension with crunch (L)	Stay in high tabletop and engage core	Tabletop position (hands under shoulders, knees under hips) Extend opposite arm + leg, then exhale crunch elbow to knee under body, repeat P→ Slow tempo / hold extension before crunch
40 sec	Knee push-ups	Still in tabletop with knees down, shift forward so body weight is supported by arms	Knees down, body in straight line. Exhale, lower chest toward floor, press back up p → Full push-ups / slower eccentric
40 sec	High Plank alternating crunch	Lift knees off the mat coming into a high-plank	Exhale, drive knee toward chest (or elbow), alternate sides R→ Slow march or hold plank P→ Hold at crushed position longer
40 sec	High plank hold	Still in a high plank, hands under shoulders, core tight	Hold strong plank, neutral spine, steady breathing R→ bear hold/ drop knees

End→Lower down onto knee, sit back for rest+ water and eventually meet me standing

Circuit #4- lower body -> 7 min 20 sec (*no break until switching sides)

Duration	Move	Transition Cue	Movement
1 min rest	Rest	Cue full circuit (Starting on right side)	
30 sec	Squat to Stand	Feet hip-width	Sit hips back, exhale stand and squeeze glutes R→Reduce depth/ speed P→ Increase depth
30 sec	Squat Pulse	Stay low	Small pulses, weight in heels R→ continue w regular squats P→ increase depth
10 sec	break		

30 sec	Reverse Lunge (R)	Step right leg back	Drop into lunge, push through left heel to stand R→smaller range
30 sec	Reverse Lunge Pulse (R)	Stay in lunge	Small pulses down, chest lifted R→ Continue with normal lunge or smaller range
10 sec	break		
30 sec	Standing Kickback (R)	Shift weight to left	Extend right leg back, squeeze glute, return slow R→ Bend knee slightly, smaller range P→ hold at top
30 sec	Kickback Hold + Pulse (R)	Hold leg back	Small pulses up, keep hips square R→ Bend knee slightly, smaller range

→ 30 sec break

→ Repeat on left side

Circuit #5: side body -> 11 min 40 sec (*no break until switching sides)

Duration	Move	Transition cue	Movement
1 min rest	Rest	Cue full circuit (Starting on right side)	
40 sec	Leg lift (L)	Lie on side, bottom leg bent or straight, top leg long	Exhale, lift top leg up with control, lower slowly, keep hips stacked R→Reduce range or keep bottom knee bent
40 sec	Big leg circles (L) → 20 sec each direction	Stay on side, top leg lifted	Draw large controlled circles, keeping hips stable R→ have a soft bend in the knees P→ ncrease circle size / slower tempo
40 sec	Forward and back kick (L)	Stay on side, top leg lifted	Flex foot, exhale and to kick leg forward (X2), inhale point foot, extend it all the way back
40 sec	Small leg circle pulses (L) → 20 sec each direction	Stay on side, top leg lifted	Draw small tight circles, 20 sec each direction, constant tension
40 sec	Straight leg crunches (L)	Come up to forearm, lower top foot on mat with the knee bent, keep lower foot	exhale to lift it towards the chest and crunch towards it with opposit elbow. Inhale to lower and repeat

		straight	
40 sec	Trice Side Push-Up (L)	The hand behind ear comes down to mat, the forearm that was previously on mat comes across the belly	Exhale to push away from the mat using the triceps, inhale to lower down to mat. Repeat R→ take rest at the bottom
40 sec	Forearm side plank (L)	Forearm under shoulder, legs stacked or staggered	Lift hips, hold a strong line from head to feet R→ come to a knee side plank P→ side plank on arm
20 sec	rest		
40 sec	Bottom leg lifts (R)	Bottom leg straight	Exhale, lift bottom leg toward ceiling. Inhale, lower with control without fully resting
40 sec	Bottom leg pulses (R)	Hold bottom leg lifted	Small controlled pulses upward. Keep hips stacked and core engaged
40 sec	Inner thigh circles (R)	Keep bottom leg lifted	Draw small circles with bottom leg. 20 sec each direction
40 sec	Double-leg lift	Lie fully on side, legs together	Squeeze legs together and lift both legs off mat. Lower slowly. Great for inner thighs + obliques
20 sec	Switch sides	Roll over	Set up on opposite side

Repeat on left

End → Cue: take child's pose and come to knees

Cooldown (10 min)

Duration	Move	Transition cue	Movement
30 sec		transition→ come to knees	
2 min	Hamstring stretch → seated forward fold	Sit with legs extended forward.	Inhale reaching arms overhead to lengthen the spine. Exhale as you hinge forward from the hips, reaching toward the feet while relaxing the neck and shoulders.
30 sec	Roll-down to mat	From seated, exhale as you slowly roll down to the mat one	

		vertebra at a time. Inhale once fully lying down.	
4 min (2 per side)	Lying figure four →lower ground, twist body towards opposite side → switch sides	Lie on back with knees bent. Cross one ankle over opposite knee.	Inhale to prepare. Exhale as you gently pull the supporting leg toward the chest, stretching the hip and glutes. → use biceps for deeper stretch From figure four position, Inhale to lower both legs toward the opposite side and lengthen the spine. Exhale as you rotate into the twist while keeping shoulders relaxed on the mat.
30 sec	overhead arm stretch	Extend arms overhead along the mat. Inhale reaching through fingers and toes to lengthen the body. Exhale relaxing shoulders and allowing the chest to open.	
3 min	Shavasana	Lie comfortably on back with arms relaxed at sides.	Slow inhale through the nose, slow exhale through the mouth. Allow the body to fully relax and breathing to settle naturally.

end→ come to seated

Closing words: Thank you for coming today and working out early in the morning, amazing job!
Don't forget to wipe down your mat. See you next time!
